

**POSITION: PROJECT MANAGER**  
**POSITION TYPE: PERMANENT/ FULL-TIME**  
**LOCATION: CAMPBELL RIVER, BC, CANADA**  
**START: IMMEDIATELY**

## WHO WE ARE

Integrated Operations Group Inc. (IOG) is a growing full-phase forest development firm with operations across BC tailoring primarily to the forestry, construction and utility industries. We tackle challenging forestry projects including heli, single stem, danger tree mitigation, commercial thinning and fire hazard abatement. We utilize innovative processes to complete our work with a focus on value rather than volume. Our team consists of professional foresters, equipment operators, fallers, tree climbers, forest engineers and other resource professionals.

## THE OPPORTUNITY

IOG is seeking a motivated, self-starting individual to fulfill the role of **PROJECT MANAGER** for our Campbell River/Coastal operations. Reporting to the General Manager, the Project Manager is a critical role that oversees the productive and safe completion of projects, but it also adept at recognizing opportunities for business development. It is expected that this position will be focused on, but not limited to, the helicopter logging aspect of our business.

As such, the ideal candidate will have previous experience working in and around heavy lift helicopters, fallers and coastal logging operations. This position is a combination of office and field elements, requiring some camp accommodations in various locations across BC.

## COMPENSATION

This is a salary position commensurate with experience ranging between \$90,000 and \$120,000+ annually. The position will also offer participation in our performance bonus program, company truck, comprehensive benefits package, matching RRSP contribution and other compensation. We anticipate ladder opportunities based on performance.
